EXPERIENCE

(Sep 2022 – May 2023)

Devology Participant at SCCI

I was a Web Development participant, attending sessions, working on various projects with other members and participants.

I won 3 competitions in SCCI, first one was the mid-year competition and the second was the academic competition, and the last one was the conference and our project won it.

Our main scope was Front-end Development, but also, I have some experience in Back-End Development.

PROJECTS

(Security System Company Website)

It's the project that we won the conference with.

I worked with my team and led them, and I made the design of the website and the CSS and extra features.

(Human Resources System Website)

It's a project in my college and I got in it a full mark.

EDUCATION

(Sep 2021 – Present) Cairo University

Computer Science & AI Student

(Jun 2019 – Jun 2021) Secondary School
